

Cuidados Médicos STCW

Reserve em maersktraining.com >

IDIOMAS DISPONÍVEIS

Norueguês

O curso oferece aos participantes o conhecimento, a compreensão e as habilidades práticas necessárias para assumir a responsabilidade pelo atendimento médico a bordo da embarcação e para demonstrar competência de acordo com a Tabela A-VI/4-2 da STCW.

Informações essenciais

Pré-requisitos

Participants must have successfully completed Medical First Aid in accordance with STCW Table A-VI/4-1.

Para quem é?

Seafarers who are designated to take responsibility for medical care onboard ship.

Avaliação

Participants must pass a written test with a minimum score of 80%. The written assessment is designed so that the 80% pass mark meets the Norwegian Maritime Authority requirement for full achievement of the required competence. All required practical exercises must be completed. Participants are observed individually by the instructor during practical exercises. The instructor assesses whether the participant demonstrates the required knowledge, understanding and skills in accordance with the applicable minimum competence standards.

Certificação

Upon successful completion, you will receive a certificate in accordance with STCW Table A-VI/4-1, valid for 5 years.
