Course code: 07-76762

Helicopter Landing Officer (HLO) Refresher

Book at maersktraining.com

AVAILABLE LANGUAGES
English, Norwegian

The course refreshes and maintains the knowledge and practical skills required to perform helideck crew duties during normal operations and emergency situations, including communication, weather reporting, dangerous goods, aviation fuel, firefighting and use of protective equipment.

Essential Information

Prerequisites
Participants must have completed the HLO Basic Course. Personnel who have not served in an emergency response role and have not completed emergency response training or equivalent training within the last 5 years must complete the basic course again.

Who is it for?
Personnel who perform helideck crew duties.

Assessment
Participants are assessed throughout all practical training. If a participant does not successfully complete the practical training, the reason for the assessment outcome will be provided. Participants who do not demonstrate achievement of the required competence objectives will not successfully complete the course.

Certification
Upon successful completion you will be issued a certificate valid for 2 years

Course content

- **Weather Reporting and Communication**
  Weather reporting, communication and operational routines relevant to helicopter operations.
- **Dangerous Goods**
  Handling of dangerous goods associated with helideck operations.
- **Aviation Fuel**
  Aviation fuel systems, associated hazards and inspection requirements.
- **Helideck Operations**
  Normal helideck operations and response during emergency situations
- **Firefighting Practice**
  Practical firefighting and selection of appropriate extinguishing media.
- **Protective Equipment**
  Use of personal protective equipment and breathing apparatus during helideck operations.

Key Learning Objectives

01 LO1 – Use the helideck manual during normal and emergency helideck operations.

02 LO2 – Conduct appropriate communication and weather reporting for helicopter operations.

03 LO3 — Handle dangerous goods in accordance with relevant helideck procedures.

04 LO4 — Describe and carry out inspection of the aviation fuel system.

05 LO5 — Perform HLO duties during normal helideck operations and emergency situations.

06 LO6 — Select and use the appropriate extinguishing medium during a fire.

07 LO7 — Use relevant personal protective equipment and breathing apparatus.
