

Proficiência STCW em Embarcações de Sobrevivência e Botes de Resgate

Reserve em maersktraining.com

IDIOMAS DISPONÍVEIS

Inglês, Norueguês

O curso fornece aos participantes o conhecimento, a compreensão e as habilidades práticas necessárias para assumir o comando de embarcações de sobrevivência e botes de resgate, exceto botes rápidos de resgate, e para demonstrar competência de acordo com a Tabela A-VI/2-1 da STCW.

Informações essenciais

Pré-requisitos

Participants must have completed Basic Safety Training before attending the course.

Para quem é?

Personnel who are required to operate survival craft and rescue boats other than fast rescue boats. Additional training is required for personnel who will operate fast rescue boats.

Avaliação

Participants must pass a written test with a minimum score of 80%. The written assessment is designed so that the 80% pass mark meets the Norwegian Maritime Authority requirement for full achievement of the required competence. All required practical exercises must be completed. Participants are observed individually by the instructor during practical exercises. The instructor assesses whether the participant demonstrates the required knowledge, understanding and skills in accordance with the applicable minimum competence standards.

Certificação

Upon successful completion, you will receive a certificate valid for 5 years in accordance with STCW Table A-VI/2-1

Course content

• Survival Craft and Rescue Boat Operations

Taking charge of a survival craft or rescue boat during and after launching.
