

# Reciclagem de Busca e Salvamento

Reserve em [maersktraining.com](https://maersktraining.com)

## IDIOMAS DISPONÍVEIS

Inglês, Norueguês

O curso atualiza e mantém as habilidades práticas necessárias para realizar tarefas de busca e resgate, com ênfase no uso correto dos meios de extinção, equipamentos de proteção, aparelho respiratório e técnicas de busca e resgate.

## Informações essenciais

### Pré-requisitos

Participants must have completed either: Search and Rescue Team Basic Course, or Advanced Fire Fighting in accordance with STCW Table A-VI/3. Personnel who perform smoke-diving duties as part of the Search and Rescue Team must provide valid documentation confirming that the required medical examination and physical tests, including fitness and strength tests, have been completed in accordance with Offshore Norge guidance. Personnel who have not served in an emergency response role and have not completed emergency response training or equivalent training within the last 5 years must complete the basic course again.

### Para quem é?

Personnel who are members of a Search and Rescue Team.

### Avaliação

Participants are assessed throughout all practical training. If a participant does not successfully complete the practical training, the reason for the assessment outcome will be provided. Participants who do not demonstrate achievement of the required competence objectives will not successfully complete the course.

### Certificação

Upon successful completion you will receive a certificate valid for 2 years

## Course content

### • Extinguishing Media

Practical selection and use of appropriate extinguishing media during firefighting activities.

### • Protective Equipment
