

Revisão para Embarcação de Resgate Rápido (FRC) STCW

Reserve em maersktraining.com

IDIOMAS DISPONÍVEIS

Inglês, Norueguês

O curso atualiza o conhecimento, a compreensão e as habilidades práticas necessárias para operar um bote de resgate rápido e manter a competência de acordo com a Tabela A-VI/2-2 da STCW.

Informações essenciais

Pré-requisitos

Participants must have completed training in Proficiency in Survival Craft and Rescue Boats Other Than Fast Rescue Boats in accordance with STCW Table A-VI/2-1, or hold a valid Certificate of Competency as a deck, engine or electro-technical officer. Participants must also have completed Fast Rescue Boat training in accordance with STCW Table A-VI/2-2. This must be documented by a valid Fast Rescue Boat course certificate or Certificate of Proficiency meeting the requirements of STCW Regulation VI/2, paragraph 2. If the Fast Rescue Boat competence has expired, participants must document at least 12 months of sea service while holding valid Fast Rescue Boat training or certification. The sea service is calculated within the 5 years preceding the course start date.

Para quem é?

Personnel who require refresher training for operating a fast rescue boat.

Avaliação

Participants must pass a written test with a minimum score of 80%. The written assessment is designed so that the 80% pass mark meets the Norwegian Maritime Authority requirement for full achievement of the required competence. All required practical exercises must be completed. Participants are observed individually by the instructor during practical exercises. The instructor assesses whether the participant demonstrates the required knowledge, understanding and practical skills in accordance with the applicable minimum competence standards.

Certificação

Upon successful completion, you will receive a certificate that this valid for 5 years.

Course content

- **Fast Rescue Boat Construction**

Construction, equipment, maintenance and repair of fast rescue boats.
