

STCW Basic Safety Training for Smaller Ships Refresher

Book at maersktraining.com

AVAILABLE LANGUAGES

English, Norwegian

The course refreshes and maintains the knowledge and practical skills required to support the safety of the vessel and crew during emergency situations onboard vessels under 24 metres operating in small coastal trade.

Essential Information

Prerequisites

Participants must have completed Safety Training for Smaller Vessels. The prerequisite requirements depend on the selected delivery option: Face to Face Delivery: No additional pre-course learning. Blended Delivery: Participants must complete the required e-learning before attending the course. A link to the required e-learning will be provided before attendance.

Who is it for?

Seafarers who require refresher training for work onboard vessels under 24 metres operating in small coastal trade.

Assessment

Participants must pass a written test with a minimum score of 80%. The written assessment is designed so that the 80% pass mark meets the Norwegian Maritime Authority requirement for full achievement of the required competence. All required practical exercises must be completed. Participants are observed individually by the instructor during practical exercises. The instructor assesses whether the participant demonstrates the required knowledge, understanding and practical skills in accordance with the applicable minimum competence standards.

Certification

Upon successful completion, you will receive a certificate valid for 5 years

Course content

• Emergencies and Evacuation

Emergency situations, evacuation procedures and appropriate actions during onboard emergencies.

• Survival Craft and Rescue Boats

Use and purpose of survival craft and rescue boats during emergency situations.

• Personal Lifesaving Equipment

Use of personal lifesaving appliances and equipment onboard.

• Sea Survival

Practical techniques for survival in the water.

- **Fire Prevention**

Measures to minimise fire risks and maintain readiness to respond to developing fires.

- **First Aid**

General first aid principles and immediate response to injury or illness onboard.

- **Personal Safety**

Personal safety responsibilities and safe behaviour onboard.

- **Firefighting Equipment**

Practical use of fire extinguishers and other relevant firefighting equipment.

- **Burns and Scalds**

Recognition and first aid treatment of burns and scalds.

Key Learning Objectives

01 L01 — Apply appropriate actions during emergency and evacuation situations onboard.

03 L03 — Apply practical survival techniques in the water.

05 L05 — Use fire extinguishers and firefighting equipment appropriately.

07 L07 — Apply appropriate personal safety practices onboard.

02 L02 — Use survival craft, rescue boats and personal lifesaving equipment appropriately.

04 L04 — Apply measures to minimise the risk of fire and respond appropriately to a developing fire.

06 L06 — Apply general first aid principles, including first aid for burns and scalds.
