

Treinamento de Reciclagem em Gestão de Multidões e Crises STCW

Reserve em maersktraining.com

IDIOMAS DISPONÍVEIS

Inglês, Norueguês

O curso atualiza e mantém o conhecimento, a compreensão e as habilidades práticas necessárias para gerenciar a segurança dos passageiros, responder de forma eficaz durante emergências e desempenhar as funções de segurança atribuídas a bordo de navios de passageiros, de acordo com a Seção A-V/2 da STCW.

Informações essenciais

Pré-requisitos

Participants must hold a valid Passenger and Crisis Management course certificate issued within the previous 5 years, or provide documentary evidence of maintained onboard competence within the previous 5 years. Where competence has been maintained onboard, documentary evidence from the shipping company is required.

Para quem é?

Seafarers who require refresher training for duties and responsibilities related to safety onboard passenger ships.

Avaliação

Participants must pass a written test with a minimum score of 80%. The written assessment is designed so that the 80% pass mark meets the Norwegian Maritime Authority requirement for full achievement of the required competence. All required practical exercises must be completed. Participants are observed individually by the instructor during practical exercises. The instructor assesses whether the participant demonstrates the required knowledge, understanding and skills in accordance with the applicable minimum competence standards.

Certificação

Upon successful completion, you will receive a certificate valid for 5 years in accordance with STCW Section A-V/2.

Course content

• Passenger Management

Principles and procedures for managing and assisting passengers during normal and emergency situations.

• Safety in Passenger Spaces

Safety procedures for personnel assigned duties in passenger spaces.

• Crisis Management and Human Behaviour

Crisis management principles and human behaviour during emergency situations.

• Passenger Safety

Procedures and responsibilities for maintaining passenger safety onboard.

- **Cargo Safety**

Safety considerations related to cargo securing on passenger ships.

- **Hull Openings**

Procedures for securing and monitoring relevant ship openings.

Key Learning Objectives

01 L01 — Apply appropriate passenger management procedures during normal and emergency situations.

03 L03 — Apply crisis management principles and respond appropriately to human behaviour during emergencies.

02 L02 — Apply relevant safety procedures when working in passenger spaces.

04 L04 — Apply procedures for passenger safety, cargo safety and securing hull openings.
